

Winter 2017-18 – Performance Program

October 30, 2017 – March 19, 2018 (Mondays – 19 sessions)

DEVELOPMENT OBJECTIVE:

This program is designed to provide skill development through realistic progressions that pertain to Power Skating and Skills techniques.

Our programs take on a focused approach for skill acquisition, covering the 3 keys in the learning process:

1. Cognitive – Learn the facts

2. Associative – Practicing

3. Automatic Response – Second Nature

DAILY STRUCTURE:

1 x 20 Minute Interactive Boardroom session (Cognitive)

These sessions will take place in our on-site boardroom.

Session Includes:

10 minute interactive discussion using video to enhance retention of skills

10 minute for Journal development, focusing on key topics from the session.

Players will be responsible to have their journals with them each week for this portion of our program.

These sessions will focus on the keys to enhancing learning and skill acquisition:

a) Lecture

b) Reading

c) Audio/Visual

d) Demonstration

e) Discussion
